Annual Report of the Board of Selectmen

The Board organized on March 7, 1944 for the year, John H. Henderson being chosen chairman, who with Patrick Carroll and Adam F. Diorio were elected the previous day.

As was pointed out in our report last year, Milford has contributed heavily to the present war in manpower and in the number of men and women who are serving in the Armed Forces. The vacant spaces under the alphabetical names originally placed on the Honor Roll have become less and less as new names have been added, a fact which tells the story. To provide room for additional names, of which there is already a long list, an appropriation for enlarging the Honor Roll will be recommended.

An Article was inserted in the Warrant of the 1944 annual meeting confirming the action of the Selectmen in its appointment of the Local Advisory Committee for rehabilitation of veterans of World War II. This Article was favorably acted upon by the town meeting members. The personnel of the Committee was selected as follows: One member each from John W. Powers Post, American Legion; Milford Post, Veterans of Foreign Wars; Italian World War Veterans; Canadian Legion; and Spanish War Veterans. These members organized and chose their own chairman. Upon recommendation of the Selectmen a sum of money was appropriated at the 1944 Annual Town Meeting for use by this committee in carrying on its work.

Anticipating that there might be a termination of the war during the year 1944, the Selectmen inserted in the Warrant for the annual meeting, an article authorizing the Board to accept such offers, grants or loans as the Federal Government might make to aid the town in financing the cost of such Public Works Projects as the town might

undertake under Chapter 58 of Acts of 1943. The Town Meeting Members adopted this article so that in case funds were available the Selectmen were in a position to act.

On the same subject-matter, the Selectmen inserted an article in the same Warrant for an appropriation to cover costs of preparing plans, specifications or engineering services which might be necessary in preparing and submitting applications for grants or loans from the Federal Government for Public Works Projects under the same Act. The sum of $1500.00 was appropriated for this purpose.

As by the terms of Acts of 1943, Chapter 58, all Acts and joint resolutions of Congress enacted in 1945, as well as 1944, authorizing such grants or loans, are covered by Chapter 58, we are advised by the Town Counsel it is unnecessary to secure further authority from the annual meeting in 1945.

The committee appointed in 1943 to consider municipal Post-War Public Works Projects has functioned as far as it could, in view of the uncertainty of just what action Congress will take. Under consideration are the completion of the Athletic Field in the Cedar Swamp Pond area, retaining wall for the Town Dump on Cedar Street opposite St. Mary's Cemetery for the purpose of keeping refuse and rubbish out of the pond, renovation of the interior of the Town Hall building, improvements to Hayward Street Playground and establishment of other playgrounds in the South End, Prospect Heights section and other parts of the Town, and the construction of unfinished sidewalks left as part of the uncompleted programs under W.P.A. Persons interested are invited to submit their ideas.

Already additional land adjacent to and north of the Town Dump has been purchased under authority granted at the 1944 Annual Town Meeting.

On the Selectmen's recommendation an additional appropriation of $5,000.00 was raised for War Bonds. During the year the bonded indebtedness was reduced $39,000.00.

All of the memorial signs at the various squares commemorating the services of men who died during World War I were repainted before Armistice Day.

Charles River Street, South Central Avenue, Naples Street and Altieri Court were recommended for acceptance as public highways by the Selectmen and they were accepted at the Town Meeting.

The repairs to the Town Hall tower as ordered by the State Building Inspector, have been completed, the work and the painting thereof being done by contract, the necessity for which was referred to in our report last year. In response to public sentiment we will insert an article in the Warrant of the Annual Meeting in 1945 requesting consideration of an appropriation for the purpose of painting and repairing the remainder of the outside of the structure.

Acts of vandalism and damage continue to occur with respect to the street signs, notwithstanding our recommendations of last year to the Police Department as well as to parents and school teachers who have children under their care. Nevertheless the Selectmen have had the posts to which the signs are attached, straightened where necessary, all were repainted, and the signs themselves flattened out and touched up. Considerable damage to the posts was done by motor vehicles negligently running against them and bending them over. In only one instance has it been discovered who the owner or the operator was, and in that case damages were recovered. The Highway Surveyor is to be commended for his help in the repair work, for he has at all times given the use of his organization and equipment.

As the committee appointed to investigate the use of the Spruce Street barn by town departments reported that it was not feasible, we will insert an article in the Warrant of 1945 Annual Meeting for authority to sell the same.

At a special meeting held September 6, 1944, the Selectmen were authorized to sell the Fountain Street

School on Purchase Street. It was sold at public auction to the highest bidder. It is our intention to ask for a recision of the vote at the same special meeting authorizing the sale of the Braggville School because the local community wishes to use it as a community center.

By Acts of 1942, Chapter 11, as amended by Acts of 1943, Chapter 211, war allowance was established for certain dependents of soldiers and sailors serving in World War II. The Commissioner of State Aid and Pensions determines the eligibility of the dependent and the amount to be paid. If he determines an applicant eligible, the dependent must accept the amount he fixes. In an extreme case, the Selectmen may grant an additional sum from Soldiers' Relief. The Town pays to the dependent the war allowance established by the Commissioner and is reimbursed up to $50.00 by the State for each month's payment. But if the Commissioner determines the dependent to be ineligible for war allowance, the Selectmen have no power under existing statutes to pay the dependent any sum whatsoever out of Soldiers' Relief.

Cases arise where a dependent's claim for war allowance has been disallowed by the Commissioner. The applicant wrongly advised, is given to understand that the Selectmen can meet his or her living and medical expenses, etc. out of Soldiers' Relief. This the Selectmen cannot do. But the Selectmen have requested the Commissioner to re-open the case and re-consider his previous decision disallowing the claim. This entails consultations, letters, further investigation and delay and has met with success sometimes, sometimes not.

The legislative policy of this state makes a distinction between dependents of soldiers and sailors IN SERVICE, and dependents of veterans FORMERLY soldiers and sailors, whose services are terminated. As to that class IN SERVICE, the provisions of law, above stated, as to War Allowances apply; as to that class whose services HAVE TERMINATED the provisions of law as to Soldiers' Relief apply (General Laws (Ter. Ed. Chapter 115, section 17). Only VETERANS or their dependents are eligible for Soldiers' Relief.

It is hoped that these observations will be helpful so that all interested may know their rights which have been established by the Legislature and not by the Town of Milford.

Respectfully submitted,

JOHN H. HENDERSON,
PATRICK CARROLL,
ADAM F. DIORIO,
Board of Selectmen.

December 30, 1944.

Report of the State Auditor

THE COMMONWEALTH OF MASSACHUSETTS
Department of Corporations and Taxation
Division of Accounts

REPORT OF AN AUDIT
of
THE ACCOUNTS OF
THE TOWN OF MILFORD
for the period from March 7, 1943 to February 19, 1944

Made in Accordance with the Provisions of
Chapter 44, General Laws

June 20, 1944

THE COMMONWEALTH OF MASSACHUSETTS
Department of Corporations and Taxation
Division of Accounts

State House, Boston,
June 20, 1944

To the Board of Selectmen

Mr. John H. Henderson, Chairman
Milford, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Milford for the period from March 7, 1943 to February 19, 1944, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts

TNW:MMH

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Milford for the period from March 7, 1943, the date of the previous examination, to February 19, 1944, and submit the following report thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined and checked.

The books and accounts of the town accountant were examined and checked in detail. The ledger was analyzed, the appropriation accounts being checked to the town meeting records of appropriations and transfers voted, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on February 19, 1944.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the collector's records of payments to the treasurer and with the records in the several departments in which charges originated or in which money was paid into the town treasury. The recorded disbursements were compared with the warrants authorizing the treasurer to disburse town funds and with the accountant's books.

The cash book footings were verified and the cash on hand on February 19, 1944, was verified by reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of the cash in the office.

The payments on account of debt and interest were checked with the amounts falling due and with the cancelled securities on file.

The securities, including savings bank books, representing the investments of the cemetery perpetual care funds, the post-war rehabilitation fund, and the municipal contributory retirement funds were examined and listed, the income being proved and the withdrawals verified.

The tax title deeds on hand were examined and listed, the amounts transferred from the tax levies to the tax title account being verified and the tax titles as listed being checked with records at the Registry of Deeds.

The books and accounts of the tax collector were examined and checked in detail. The commitments of taxes were compared with the warrants issued by the board of assessors, the recorded abatements were checked with the assessors' records of abatements granted, the recorded collections were checked with the payments to the treasurer as recorded on the treasurer's and the accountant's books, and the outstanding accounts were listed and proved with the controlling accounts.

Verification of the outstanding taxes was made by sending notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

"In checking the assessors' abatement records it was noted that hundreds of abatements are being granted annually to persons who are assessed real estate taxes, many of the abatements being for a greater portion of the tax and some being for the full amount of the real estate tax assessed. The individual abatements granted are of sizable amounts and in the aggregate they represent a very considerable loss of tax revenue to the town. In all cases these real estate tax abatements are grantd under Clause 18, Section 5, Chapter 59, General Laws, that is, on the grounds that the persons assessed are, in the judgment of the assessors, unable by reason of age, infirmity and poverty to contribute fully toward the public charges. While abatements under the above Clause 18 may be granted at the discretion of the assessors, it would seem, nevertheless, in view of the very large number granted annually and the considerable amount of money in-

volved, that greater consideration should be given by the assessors to the tax-paying ability of the persons assessed."

The records of licenses and permits issued by the selectmen, town clerk, and the health department were examined and checked, and the payments to the State and the town were verified.

The surety bonds of the officials required by law to furnish them were examined and found to be in proper form.

In addition to the departments mentioned, the books and accounts of the sealer of weights and measures and of the plumbing inspector, as well as of the highway, public welfare, school, library and cemetery departments, were examined and checked, the payments to the treasurer being verified.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax and departmental accounts, as well as tables showing the transactions and condition of the trust and investment funds.

During the audit cooperation was extended by all town officials for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts

Report of the Highway Surveyor

Herewith I submit my report as Highway Surveyor for the year ending December 31, 1944.

I was fortunate to secure a sufficient amount of labor and essential materials to make necessary repairs, including the regrading and resurfacing of several miles of streets with bituminous materials, also continue our effort of keeping the highways clean, and drainage systems servicable.

We were also able to keep the equipment operating, although repair parts are at a premium. In normal times it was the practice of the department to replace at least one unit of equipment each year. This has not been possible for the past four years, making it necessary to replace several units as soon as same are available. A sum of money should be set aside from Surplus Town Funds for this purpose.

The personnel and trucks have been at the disposal of the Salvage Committee for the various drives, and we hope to continue this practice as long as the emergency exists.

I wish to thank the employees of this department, Town Officials, Town Employees and Townspeople, for their co-operation and goodwill during the past year.

Respectfully submitted,

J. FRANK CAHILL,
Highway Surveyor.

PHYSICIAN'S REPORT

To the Board of Public Welfare:

During the past year there has been no unusual amount of illness among the beneficiaries of your department. The number of sick calls—240—was about the same as in the previous year. Those living at the Infirmary have been singularly free from acute diseases although most of them require care for various conditions and infirmities which are more or less incapacitating. There are few able-bodied persons on the welfare list at this time.

I believe there is an opportunity to care for these persons and others too perhaps, invalids or semi-invalids, by adding a hospital ward to the Infirmary. The plan would make it possible to give good care and at the same time save many hospital bills and lighten the burden of the already crowded Milford Hospital.

Town Clerk

ANNUAL TOWN MEETING, MARCH 15, 1944

Commonwealth of Massachusetts

Worcester, ss

Milford, March 15, 1944

At a legal meeting of the inhabitants of the Town of Milford qualified by law to vote in Town Affairs held in Town Hall on the fifteenth day of March A.D. 1944, the said inhabitants proceeded as follows:

The meeting was called to order by John F. Curran, Moderator at 8 P.M.

As the Town Clerk was absent, a motion was made and seconded that Katherine E. Cullinan be elected Temporary Clerk. As the vote was unanimous, one ballot was cast by chairman of Selectmen. The Moderator then proceeded to swear in the Temporary Clerk.

The following Monitors were appointed by the Moderator to check the lists of the Town Meeting members and members at large.

At large—J. Frank Cahill
Precinct 1—John F. Maher
Precinct 2—Joseph L. DeLuca
Precinct 3—William J. Moore
Precinct 4—Alfred E. Daigle
Precinct 5—Alfred P. Henderson

There were 148 members present, a sufficient number to constitute a quorum.

The Temporary Clerk proceeded to read the warrant and officer's return thereon and it was voted to dispense with the reading of the warrant.

Mr. William J. Moore called upon Rev. Luther Morris who delivered a short eulogy in memory of Judge Clifford A. Cook who died March 12, 1944. The meeting also stood in silence out of respect to Mr. Cook. The Selectmen and Town Clerk were appointed a committee to draw up resolutions on the death of the late Judge Clifford A. Cook, a copy of same to be sent to the family and to be published in the Town Report.

The following committees on Resolutions for the late John C. Wilson and Sumner C. Reynolds were appointed by the Moderator.

Committee for John C. Wilson:

John J. Moloney, A. Raymond Cross, Joseph A. Santosuosso, Bernard K. Drew, L. Blaine Libbey and Joseph V. Carey.

Committee for Sumner C. Reynolds:

Judge Chester F. Williams, Paul F. Raftery, Emilio A. Pighetti, George F. Grayson, Rev. Luther Morris and Lyndhurst A. MacGregor.

The meeting also stood in silence out of respect to the memory of Mr. John C. Wilson, a Police officer and Town Meeting member. Judge Chester F. Williams, through the Moderator requested that the meeting stand in memory of Mr. Sumner C. Reynolds. It was voted that a committee be appointed to draw up resolutions on the death of Mr. Wilson and Mr. Reynolds and that the Clerk be instructed to send a copy to each family and have it published in the Town Report.

Article 2. James E. Birmingham, Secretary of the Finance Committee presented the following report of the Finance Committee.

TO THE VOTERS OF MILFORD

The Finance Commission has made a careful study of both the budget and warrant articles and our recommendations are found on the following pages.

The sharp drop in relief expenditures shown in the annual report should be generally reflected in lowered tax rates on real estate, but the trend which has been in progress since 1940 has yet to be reflected.

It is generally true that all municipal expenditures have been smaller with curtailed public services, due to shortages of manpower or the inability to secure materials to carry out necessary upkeep and repairs. But the savings have not been handed along to the taxpayer in anything like the prorated amount made possible. The enormous burden of income taxation should be lightened by an easing up on real estate property taxes.

Article 1. To hear and act on reports of Town Officers and Committees.

Article 2. To raise and appropriate money for Town Expenses for 1944.

Mr. John F. Maher read the following Resolutions on the death of Angelo Barbadoro.

Resolutions

IN MEMORIAM

The death of Angelo Barbadoro, member of the Finance Committee for many years, and Monitor of Precinct 2 since the inception of our present form of government, brought to a close a life devoted to his family, and the best interests of the Town of Milford, since he migrated from Italy in 1900. He was always keenly concerned with all the activities of the Town, giving generously of his time and energies on numerous occasions through many years.

In grateful acknowledgement of his loyalty and services, we, the members of the Committee, wish to spread on the Town records this expression of appreciation in behalf of the townspeople.

As a mark of respect, we request the Town Clerk to send a copy of these Resolutions to the family.

SPECIAL TOWN MEETING, September 6, 1944

Worcester, ss

Milford, September 6, 1944.

The meeting was called to order by Moderator John F. Curran at 8 P.M. and the Monitors checked the lists. Only 101 persons were present not a sufficient number to constitute a quorum the Moderator declared a recess for fifteen minutes.

At 8:45 P.M. the Moderator called the meeting to order and a second check was made. One hundred twenty-six members present the Moderator began the meeting.

A report of committees was called for and John F. Maher representing the Committee on the Advisability of the Town to Convert the Old Town Barn into Offices reported the following statement: After a check with the Accountant it was found that $72.00 per month was expended by the Town for offices and it was thought at this time not to make any changes. The report was accepted by the meeting. Other members of the committee are: Richard J. Abretti, John W. Bickford, Myron Morey, and Bernard M. Manion.

The following Resolutions were read by L. Blaine Libbey on the death of John C. Wilson.

RESOLUTIONS

Resolved: That a profound loss has befallen the Town of Milford in the death of Officer John C. Wilson, a member of the police force since 1921 and a Town Meeting Member since 1937.

In a life replete with activities, he proved an efficient, conscientious citizen, and brought ability and integrity to his service in the town. His friendly attributes will be cherished by a wide circle of friends.

Resolved: That the Town Meeting Members of Milford express to his bereaved family its deeply felt sympathy in the great loss that has come to them and that these resolutions be spread upon the records of the town and that a copy be sent to Mrs. Wilson.

John J. Moloney,
L. Blaine Libbey,
A. Raymond Cross,
Bernard K. Drew,
Joseph Santosuosso.

The members stood in silence for a minute in respect to the memory of John C. Wilson and the Clerk was instructed to send a copy of the Resolutions to the family.

The Clerk read the warrant for the opening of the meeting and it was voted to dispense with the reading of the articles and the officers return was read.

Article 1. Voted: That the Town vote to appropriate from the Excess and Deficiency Account the sum of Five thousand ($5,000.00) dollars for use by the Board of Selectmen for Soldiers' Relief.

Voted: To pass over the remainder of the article.

Article 2. Voted: That the Town appropriate from available funds from the Excess and Deficiency Account the sum of Twenty thousand ($20,000.00) dollars for the use by the Board of Public Welfare for Old Age Assistance.

Voted: To pass over the remainder of the article.

Article 3. Voted: That the Town appropriate from available funds from the Excess and Deficiency Account the sum of Three Thousand ($3,000.00) dollars for use by the Board of Public Welfare for Aid to Dependent Children.

Voted: To pass over the remainder of the article.

Article 4. Voted: That the Town vote to appropriate from the Excess and Deficiency Account the sum of Seven hundred ($700.00) dollars for use by the Board of Selectmen for the Election and Registration and Town Meeting—Salary Account.

Voted: To pass over the remainder of the article.

Article 5. Voted: That the sum of Three Hundred ($300.00) dollars be appropriated to the Care of Trees—Salaries and Wages Account from the Excess and Deficiency Account.

Voted: To pass over the remainder of the article.

Voted: To pass over the remainder of the article.

Article 7. Voted: That the Town vote to authorize the Selectmen to sell the land with the School House located thereon on East Main Street, formerly known as the Braggville School and to execute and deliver a deed therefor.

Voted: To pass over the remainder of the article.

Article 8. A motion was made to authorize the Selectmen to sell the land with the School House located on Purchase Street at the corner of Fountain Street, formerly known as the Fountain Street School and to execute and deliver a deed therefor.

An amendment was made to this motion by inserting "that the sale of the School House be at Public Auction on October 16th and be properly advertised."

An amendment was made to the amendment by inserting "that the date concerning the sale be October 14th."

The amendment to the amendment was lost and the amendment was lost.

The following Resolutions were read by Judge Chester F. Williams on the death of Sumner C. Reynolds.

RESOLUTIONS

Resolved: That the voters of the Town of Milford in Town Meeting assembled have learned with deep regret and sorrow of the death on March 5th 1944 of Sumner C. Reynolds, a lifelong resident of the Town and a Member of the Town Meeting.

Devoted to the interests of his home, his church and community he enjoyed the confidence and respect of his associates in his various affiliations.

As a Town Meeting Member he was sincere in his interest in all matters coming before the body, and was a regular attendant at all meetings.

Resolved: That as a mark of respect, business of the meeting be suspended and the voters stand with bowed heads in tribute to his memory.

Resolved: That the Clerk be instructed to send a copy of these resolutions to the family of the deceased and publish them in the town records.

QUESTIONS

QUESTION NO. 1

Proposed Amendment to the Constitution

Shall an amendment to the constitution to provide for a Fair, Concise Summary, instead of a Description, of Each Proposed Amendment to the Constitution and Each Law submitted to the People, under the Initiative and the Referendum, and Certain Changes relative to the Filing of Initiative Petitions which is further described as follows:—

This amendment amends Article XLVIII of the Amendments to the Constitution by striking out section three under the heading "The Initiative. II. Initiative Petitions" and inserting in place thereof a new section which provides,—

That an initiative petition for a constitutional amendment or a law shall first be signed by ten qualified voters of the Commonwealth and shall be submitted to the Attorney General not later than the first Wednesday of the August before the assembling of the General Court into

which it is to be introduced. It may be filed with the Secretary of the Commonwealth if the Attorney General shall certify that the measure and its title are in proper form and that it is not, affirmatively or negatively, substantially the same as any measure which has been qualified for submission or submitted to the people at either of the two preceding biennial state elections, and that it contains only subjects not excluded from the popular initiative and which are related or which are mutually dependent.

The Secretary shall provide blanks for the use of subsequent signers. He shall print at the top of each blank a fair, concise summary of the proposed measure, as determined by the Attorney General as it will appear upon the ballot, together with the names and residences of the first ten signers. All such petitions, with the first ten signatures attached, shall be filed with the Secretary not earlier than the first Wednesday of the September before the assembling of the Legislature into which they are to be introduced, and the remainder of the required signatures shall be filed not later than the first Wednesday of the following December.

Section 3 of that part of said Article XLVIII under the heading "The Referendum. III. Referendum Petitions", is also amended by striking out the second sentence of such section and inserting in place thereof provisions that the Secretary shall provide blanks for the use of signers of a referendum petition on a law requesting that the operation of such law be suspended subsequent to the first ten signers and shall print at the top of each blank a fair, concise summary of the proposed law as determined by the Attorney General as it will appear upon the ballot, together with the names and residences of the first ten signers.

Section 4 of that part of said Article XLVIII under the heading "The Referendum. III. Referendum petitions", is also amended by striking out the third sentence of such section and inserting in place thereof provisions that the Secretary shall provide blanks for the use of signers subsequent to the first ten signers of a referendum petition asking for the repeal of an emergency law or of a

law which takes effect because the referendum petition does not contain a request for suspension, and shall print at the top of each blank a fair, concise summary of the proposed law as such summary will appear on the ballot together with the names and residences of the first ten signers.

Article XLVIII is further amended by striking out subheading "III. Form of Ballot" and sub-heading "IV. Information for Voters" under the heading "General Provisions" and inserting in place thereof new sub-headings III and IV, which provide, respectively:

III. Form of Ballot

A fair, concise summary of each proposed amendment to the Constitution and each law submitted to the people, as determined by the Attorney General shall be printed on the ballot. The Secretary shall give each question a number and cause such question, except as otherwise authorized in said article of amendment, to be printed on the ballot in the following form:

In the case of an amendment to the constitution: Do you approve of the adoption of an amendment to the constitution summarized below, (here state, in distinctive type, whether approved or disapproved by the general court, and by what vote thereon)? Yes.—No.

(Set forth summary here)

In the case of a law: Do you approve of a law summarized below, (here state, in distinctive type, whether approved or disapproved by the general court, and by what vote thereon)? Yes.—No.

(Set forth summary here)

IV. Information for Voters

The Secretary shall print and send to each registered voter the full text of every measure to be submitted to the people, together with a copy of the legislative committee's majority and minority reports, with the names of the majority and minority members and a fair, concise summary of the measure as such summary will appear on the ballot, and, in such manner as may be provided by law, other arguments for and against the measure,—

which proposed amendment was approved by the General Court and in a joint session of the two branches held July 8, 1941, received 201 votes in the affirmative and 2 in the negative, and in a joint session of the two branches held May 12, 1943, received 214 votes in the affirmative and 5 in the negative,
— be approved?

YES ☐ **NO** ☐

QUESTION NO. 2

Proposed Amendment to the Constitution

Shall an amendment to the constitution to provide that the General Court may prescribe the terms and conditions under which pardons of offences which are felonies may be granted which is further described as follows:—

This article of amendment to the Constitution of Massachusetts annuls Article VIII of section I of chapter II of Part the Second of the Constitution, which vested the Governor, by and with the advice of the Council, with the full and unrestricted power of pardoning offences of which a person is convicted, except such as persons may be convicted of before the Senate by an impeachment of the House, and adopts a new Article VIII in place thereof.

This new Article VIII vests the pardoning power in the Governor, by and with the advice of the Council, but provides further that if the offence to be pardoned is a felony the Legislature shall have power to prescribe the terms and conditions upon which a pardon may be granted.

The new Article VIII contains the same provision as the old with relation to the ineffectiveness of pardons granted before a conviction,—
which proposed amendment was approved by the General Court and in a joint session of the two branches held July 8, 1941, received 199 votes in the affiirmative and 1 in the negative, and in a joint session of the two branches held May 12, 1943, received 198 votes in the affirmative and 0 in the negative,
— be approved?

YES ☐ **NO** ☐

QUESTION NO. 3

Proposed Amendment to the Constitution

Shall an amendment to the constitution restoring Annual Sessions of the General Court and an Annual Budget which is further described as follows:—

This amendment to the Constitution of Massachusetts annuls Article LXXII of the Amendments which provided for biennial sessions of the Legislature and a biennial budget, and makes effective those earlier provisions of the Constitution and its Amendments which were annulled or affected by said Article LXXII,—

which proposed amendment was approved by the General Court and in a joint session of the two branches held July 8, 1941, received 172 votes in the affirmative and 38 in the negative, and in joint session of the two branches held May 12, 1943, received 188 votes in the affirmative and 52 in the negative,

— be approved?

YES ☐ **NO** ☐

QUESTION NO. 4

Proposed Amendment to the Constitution

Shall an amendment to the constitution providing for Absent Voting by Qualified Voters who by Reason of Physical Disability are unable to vote in Person which is further described as follows:—

This amendment to the Constitution of Massachusetts annuls Article XLV of the Amendments to the Constitution which related to absentee voting and adopts in its place a new Article XLV which authorizes the Legislature to provide for voting, in the choice of any officer to be elected or upon any question submitted at an election, by qualified voters of the Commonwealth who at the time of such an election are absent from the city or town of which they are inhabitants or are unable by reason of physical disability to cast their votes in person,—

which proposed amendment was approved by the General Court and in a joint session of the two branches held July 8, 1941, received 171 votes in the affirmative and 30

in the negative, and in a joint session of the two branches held May 27, 1943, received 184 votes in the affirmative and 61 in the negative,

— be approved?

YES ☐ **NO** ☐

QUESTION NO. 5

Law Submitted Upon Referendum After Passage

Shall a law described as follows:—This law amends chapter 271 of the General Laws by striking out section 22A, as previously amended, and inserting in place thereof a new section 22A, which provides that conducting or promoting a game of whist or bridge in connection with which prizes are offered to be won by chance, or allowing such a game to be conducted or promoted, shall not authorize the prosecution, arrest or conviction of any person for such acts under chapter 271 of the General Laws, which deals with crimes against public policy, if the entire proceeds of the charges for admission to such game are donated solely to charitable, civic, educational, fraternal or religious purposes. This new section does not contain, as did the section now stricken out, provisions authorizing the licensing and conducting of the game of beano,—

which section was approved by both branches of the General Court by vote not recorded,

— be approved?

YES ☐ **NO** ☐

Vital Statistics

Parents and others are reqeusted to carefully examine the following lists and if any errors or omissions are discovered report them at once to the Town Clerk, that the record may be corrected, as it is of importance that the record of Vital Statistics should be complete. Herewith are extracts from the General Laws of Massachusetts Chapter 46.

Section 3. Every physician or hospital medical officer registered under Section nine of Chapter one hundred and twelve, in this chapter called officer, shall keep a record of the birth of every child in cases of which he was in charge, showing date and place of birth, the name, if any, of the child, its sex and color, the name, age, birthplace, occupation, and residence (including the street, number, if any, and the ward number, if in a city) of each parent, the maiden name of the mother, and the name of the physician or officer, if any, personally attending the birth. If the child is illegitimate, the name of and other facts relating to the father shall not be set forth except upon written request of both the father and mother. Said physician or officer shall within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred, a report stating the facts herein above required to be shown on said record and also the said written request, if any; provided, that if said report is not so made within forty-eight hours after such birth, said physician or officer shall, within said forty-eight hours, mail or deliver to said clerk or registrar a notice stating the date and place of birth, the street number, if any, the ward number, if in a city, and the family name. Upon presentation to him of a certificate of the Town Clerk stating that any such birth has been duly reported, the Town Treasurer shall pay to such physician or officer a fee of twenty-five cents for each birth so reported. Any physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars.

Section 4. A member or servant of a family in which a child is born, having knowledge of the fact required for record relative to such births, shall furnish the same upon request of the clerk of the town where such child was born or its parents reside, or of any person authorized by him. Such member or servant refusing to furnish such facts shall be punished by a fine of not exceeding ten dollars.

Section 6. Parents within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born. Every householder in whose house a death occurs and the oldest next-of-kin of a deceased person in the town where the death occurs shall, within five days thereafter, cause notice thereof to be given to the board of health, or, if the selectmen constitute such board, to the town clerk.

The keeper, superintendent or person in charge of a workhouse, house of correction, prison, reformatory, hospital, almshouse or other institution, public or private, which receives inmates from within or without the limits of the town where it is located shall, when a person is received, obtain a record of all the facts which would be required for record in the event of the death of such person, and shall, on or before the fifth day of each month, give notice to the town clerk of every birth and death among the persons under his charge during the preceding month.

Blanks for returns of births and deaths may be obtained at the office of the town clerk.

Report of the Board of Health

To the Honorable Board of Selectmen and the Citizens of the Town of Milford:

Your Board of Health respectfully submits its annual report together with the reports of its various appointees for the year ending December 31, 1944.

The Board of Health organized for the year on March 7, 1944. Dr. Nicholas J. Capece was again elected Chairman with Harris Tredeau and Frank Calzone the other two members. Louis A. Marino was appointed Secretary. Harris Tredeau was reelected in March for a three year term.

Twenty-four regular meetings, four special meetings and many conferences have been held throughout the year.

Many matters of the Board are expedited by the presence of the secretary of the Board, Mr. Marino, who has cooperated to a point more than is expected of him.

His leave of absence having expired, Charles J. Ferrante, was re-instated as Plumbing Inspector by the Board and approved by the Department of Civil Service effective as of April 1, 1944.

The number of patients at the Worcester County Sanatorium was much smaller the past year than in previous years. This can be attributed in great measure to the work conducted at the Consultation Chest Clinics held regularly each month at the Health Department rooms and in greater degree to the advanced and improved methods medical science has introduced in arresting cases of this nature.

The 1943 State subsidy received this year was One Thousand eight hundred thirty-eight dollars and fifty-six cents ($1838.56).

At the March meeting the following appointments were made by the Board of Health: Meat and Provision and Slaughtering Inspectors, Jeremiah Macchi and Dr. Benjamin F. Hartman as assistant; Sanitary Inspector, Walter Chapin; Physician, Dr. Francis H. Lally; Health Nurse, Alice Fitzpatrick; Dentist, Dr. William J. Clancy; Plumbing Inspectors, Charles J. Ferrante and John F. Power as assistant; Burial Agent, Oscar Ayotte.

Respectfully submitted,

WILLIAM J. CLANCY, D.M.D.,
Dental Clinician.

REPORT OF BOARD OF HEALTH PHYSICIAN

During my examination of the 920 pupils of St. Mary's and Sacred Heart schools, it was gratifying to note that approximately 90% of nose, throat and dental defects had been corrected, and that the personal hygiene of the students was excellent.

187 pupils were given the usual three injections of toxoid against diphtheria, and 124 vaccinated against small pox.

It is most satisfying to know that an ever increasing number of parents are becoming health conscious, and having the pre-school child immunized privately, thus aiding in the prevention of diphtheria, whooping-cough and measles. All in all, 1944 was a fairly healthful year.

F. H. LALLY, M.D.,
Physician to Health Board.

REPORT OF THE BOARD OF HEALTH NURSE

To the Honorable Board of Health:

I hereby submit my report as Board of Health Nurse for the year 1944.

PAROCHIAL SCHOOLS

St. Mary's and Sacred Heart:

Total enrollment of both schools 920

All pupils have their eyes and ears tested during the school year.

Dr. Mario Nigro gave free examinations to the pupils of the Sacred Heart schools this year and we take this time to thank him for his kindness.

All pupils are weighted and measured during the school year.

A physical examination was given to all pupils by Dr. Francis Lally, Board of Health Physician, during the school year. At this time notices of the defects are sent to the parents referring them to their family physician.

All pupils of the first four grades are given appointments to visit the school dentist Dr. Clancy if they wish to, and corrections of teeth made by him.

CLINICS

A Tuberculosis clinic was held at the High School at St. Mary's. Mr. Buckner of the Worcester Health District came down and showed a film on Tuberculosis. The majority of the children received the tuberculin test given by Dr. Martin from the State Department. The following week the tests were read to determine whether they were positive or negative. Out of over 200 children receiving the test, 79 were positive. These children were given X-rays the following week and all the X-ray reports were negative for Tuberculosis.

VACCINATION CLINIC

Held in the Board of Health rooms June 12th and 19th.

No. of Children vaccinated 124

DIPHTHERIA CLINIC:

Held in the Milford High School Building October 9th, and 23rd, November 6th, and 20th.

No. of children having three inoculations 143
No. of children having less than three 44

Total of children inoculated 187

SANITARY INSPECTOR'S REPORT

To the Honorable Board of Health:

Gentlemen:

Following is my report for the year 1944.

We had forty-three complaints of different natures in all parts of the town, all of which were settled to the satisfaction of all concerned. However there were some who required several visits before the nuisances complained of were corrected.

There were twenty-one cases of Scarlet Fever placarded. This is the largest number of cases we have had for several years.

Six "NO DUMPING" signs were put up.

Two stores and one Lunch room were inspected for licenses at the request of the Selectmen.

Made inspections of various clubs, etc. relative to the condition of the toilets.

Five Bake shops were inspected.

In closing I wish to state that the people co-operate in most cases except on some few occasions when we were compelled to make two or three calls before the nuisance was abated. One case in particular we had no other recourse but to bring the offending party to court and after four or five postponements the nuisance was abated by order of the court.

Respectfully submitted,

WALTER CHAPIN,

Sanitary Inspector.

REPORT OF THE PLUMBING INSPECTOR

To the Honorable Board of Health:

Gentlemen:

During the year of 1944 with your co-operation and consent I have had to by-pass some of the plumbing regulations relative to materials used in plumbing installations.

Due to the acute shortage of copper and tin we have tried to eliminate the use of these materials by the use of reasonable substitutes in the plumbing installations to help out in the war effort. For the duration or until these materials are released for use to the plumbing trade I shall continue to let the plumbers use other substitutes to the best advantage of both parties concerned.

John F. Power, additional inspector, and I have during the year inspected and approved the installation of the following fixtures:

Toilets	53
Lavatories	36
Sinks	38
Bath Tubs	22
Boilers (Range)	27
Showers	15
Urinals	8
Miscellaneous	4
Total	203

Respectfully submitted,

CHARLES J. FERRANTE,

Inspector of Plumbing.

Report of Park Commissioners

Year 1944

To the Citizens of the Town of Milford:

We hereby submit our annual report for 1944.

Calzone Park was reseeded and reloamed and about 100 new pivot hedges were put out. Draper Park was given the usual care and it is hoped we will be able to secure a new drinking fountain for this park. Bancroft Park had all the trees sprayed and trimmed and the lawn where necessary was reseeded. The Commission wishes to thank all the children for respecting these parks as such and not using them for athletic fields.

We do wish to call attention of the townspeople to the disgraceful condition of the bleachers at Town Park. We hope we can remedy this condition in 1945 either by rebuilding or tearing them down before they result in injury to some person. The benches of the various parks will be repaired or replaced. Our appropriation cannot hope to correct the walks of Town Park as they are in need of much work but we will do all we can with our limited funds to make them as good as possible.

The four playgrounds were in full operation this year and a decided increase in the attendance was noticed. More equipment is needed for the Playgrounds and this we hope to secure this year. The Annual Field Day was held August 17th and was a decided success.

We wish to thank all who made this such a successful season for the Park Department, especially the Supervisors and instructors of the Playgrounds who did such a fine job in the seven weeks the Playgrounds were in operation.

Respectfully submitted,

CHRISTOPHER C. MORCONE, Chairman,
WALTER L. FITZGERALD,
FRANCIS J. WALLACE.

Town Counsel's Report

In 1944, 65 notices of tax takings of properties for unpaid real estate taxes were prepared at the request of the Tax Collector as compared with 78 in 1943 and 275 in 1942; 6 instruments of taking were prepared during 1944 as compared with 15 in 1943 and 46 in 1942. One tax sale deed was drawn for the Collector for non-payment of real estate taxes, which the Town had to buy in as no bidders appeared.

Three assignments of existing tax titles were prepared at the request of the Treasurer, notice to the taxpayer having been first given as provided by General Laws (Ter. Ed.) Chapter 60, section 52, as amended by Acts of 1936, Chapter 392. Redemption or disclaimer releases of ten tax titles were drawn in 1944, as against 6 in 1943 and 9 in 1942, adjustment of the tax having been adjusted by the owner.

One sewer assessment sale deed was prepared for the Collector for non-payment of a sewer assessment which was purchased by a third person. No petitions to foreclose tax titles were filed in the Land Court in 1944, but the three cases remaining on the docket at the beginning of the year were adjusted by the taxpayers before going to a decree. Eight petitions for abatement of taxes were filed with the Board of Tax Appeals, but these with the one pending on January 1, 1944, were adjusted at the time of the hearings.

Notices of five new claims for personal injuries or property damage against the Town were received, as compared with nine in 1943. Three claims were settled without suit having been brought. No suits for damages for sidewalk defects were brought in 1944, and the two pending in the Superior Court on December 31, 1943 were disposed of during the year. One case in the District Court is still pending.

One suit for welfare aid furnished Boston residents was brought by Milford during the year, which is still pending, as are also the two Boston vs Milford cases and the Worcester vs Milford case which were pending on December 31, 1943. A complaint in behalf of the Welfare Department to recover old age assistance payments from the persons responsible, under General Laws (Ter. Ed.) Chapter 118A, section 2A, inserted by Acts of 1943, Chapter 489, section 3, was prosecuted.

Claims pending for materials furnished for Purchase Street construction (1941) as authorized by the Special Town Meeting September 6, 1944; for damages done to a Highway truck by a motor vehicle; for reimbursement to the Board of Health for money spent for hospitalization; were adjusted and proper papers executed.

At the request of the Selectmen, I attended the hearing before the Department of Public Utilities on the proposed merger of the Milford Electric Light & Power Co. with the Worcester and Union Company of Franklin, a report of which was filed with the Selectmen; also hearings before the Tax Commissioner on various matters, including his approval of the tax rate and the use of funds from the Excess and Deficiency Account, and before other State and County officials.

Numerous written opinions have been given to various Town Departments, with copies to other Departments interested, deeds covering Town conveyences, contracts between the Town and third parties, and releases in all claims against the Town were prepared and executed.

An itemized list of the cases which have been disposed of, with the location and date of the same, is appended hereto.

Respectfully submitted.

WILLIAM A. MURRAY,

December 30, 1944. Town Counsel.

Report of the Tree Warden and Gypsy Moth Superintendent

To the Voters of the Town of Milford:

I hereby submit my annual report on the care and removal of trees and brush.

During the past year I removed fifteen trees that were beyond repair, two that a freak storm in the month of July blew down and five that were blown down in the September hurricane making a total of twenty-two trees removed. In the last three years including last year I have removed sixty-three trees none of which have been replaced and I therefore strongly recommend that this year definite steps be taken to replace at least some of these trees. It is my thought that a program of new tree plantings could be dedicated as a living memorial to our soldiers who have given their lives for our country as is being done in other communities.

Brush was removed during the past year from the following streets and roads: Green, Howard, North Vine, Dilla, Haven and Birch Streets, also sections of Camp, Central, Beaver, Highland and Asylum Streets and Alterie Ct., and Whitewood Road.

In addition to the above I have repaired two hundred and ninety one trees during the past year.

During the past year I have received and investigated one hundred and eighty-four complaints, a total of forty-six more than the previous year. Most of these complaints were on various insect pests which are getting more numerous each year. Mr. P. J. Brock ,the State man on the Gypsy Moth Suppression, came out and surveyed the Town with me in regards to this pest and we covered the whole Town and as a result estimated that three hundred and ninety acres of light feeding, seventy-five acres of heavy feeding and about eleven hundred acres were completely defoliated by this pest. This is about fifty per cent higher than any of the Towns bordering Milford and as a result I recommend that more money be appropriated for the purpose of further control of this pest.

As Chairman of the Town Forest committee I would like to report that the committee met on several occasions and had the State Forester, Mr. A. Woodman of Oxford, accompany them in looking over favorable sites and we believe that we have found a splendid site for a Town Forest.

I would like to thank the members of the Town Forest Committee for their splendid cooperation and interest that they have shown. Our Secretary Mr. Cyril F. Kellett will make a full report at the annual Town Meeting.

Respectfully submitted,

MATTHEW P. ANDREANO,
Tree Warden and Gypsy Moth Supt.

Report of the Sewerage Commission

To the Citizens of Milford:

The following report of the operations of the Sewerage Department during the year ending December 31, 1944 is respectfully submitted:

Plans and estimate of cost of lateral sewers in North Street Extension and Florence Street were obtained but no funds were made available for the work.

There were twenty (20) house connections laid during the year, making the present total number of 2,006 premises connected to the sewer system.

The treatment works have continued to operate satisfactorily. Based on the analyses made by the State Department of Health, the efficiency on the sewerage treatment plant at Milford, using the present removal of B.O.D. as an index, is 89 for the combined plants.

Respectfully submitted,

ALFRED F. MARTIN,
GEORGE F. C. COOPER,
GUIDO SABATINELLI,
Sewerage Commission.

Report of the Inspector of Wires

January 25, 1945.

To the Honorable Board of Selectmen:

The work of the Wire Inspector's department has been along the lines similar to that of former years of supervision of remodeling work.

General improvements in the conditions of wiring, especially in regard to grounding, have been thoroughly taken care of. I have noticed on my inspections that merchandise installed by local contractors is up to standard in spite of war conditions.

Of the oil burner and stoker installations that I have inspected, I find that they all comply with the State Fire Marshal's new regulations and safety of the community.

I have attended the meetings of the Inspectors' Association, which are held in Boston every month, and have learned that the new rulings, which I expect will be passed by the Legislature, will solve a great deal of misunderstanding, especially in towns which have no by-laws.

Respectfully submitted,

MATTHEW N. NIRO,
Inspector of Wires.

Report of the Milford Town Library

REPORT OF THE LIBRARY TRUSTEES

The Trustees of the Milford Town Library submit the following report for the year 1944.

Another war year has passed and we are pleased to report that our decrease in circulation and patronage of our Reading Room is not too great, considering conditions which regulate Library activities. The Armed Forces and War activities have demanded the services of many of our borrowers who otherwise would avail themselves of the opportunity of the use of our books and our Reading Room facilities.

Again, the Trustees and the Staff wish Captain Robert McGinnis, Librarian, on military leave, success and good luck.

To Lieutenant Colonel Davoren, William O'Brien and Frederick Cahill, Jr., past Trustees in the armed Forces, the Trustees and Staff extend wishes for a safe and speedy return. To Mr. Martin Ahearn, elected Member to the Board of Trustees in March 1944, a welcome is extended and gratitude for his co-operation.

At this time thanks is expressed to all who made any donations to the Library.

The Chairman of the Trustees respectfully calls your attention to the Librarian's report which follows, describing in detail the activities of the year 1944, the improvements that have been made and the facilities which the Library offers.

Respectfully submitted,

FREDERICK H. GOULD,

Chairman, Board of Trustees.

REPORT OF THE LIBRARIAN

To the Trustees of the Milford Town Library

Gentlemen:

I submit the following report for the year ending December 31, 1944.

CIRCULATION

The Library was open 285 days, during which time 34,181 books were loaned. This figure shows a loss of 3,161 in circulation.

The highest daily circulation was 285 and the lowest was 26. The average daily circulation was 119.9.

There were 620 notices sent to delinquents. This applies to first notices.

The total registration as of December 31, 1944 was 4660.

Approximately fifty magazines, two hundred pamphlets, and posters are donated yearly to the Library. Many of the pamphlets and posters are sent by the United States Government, concerning War, Post-War Problems, and Defense Information.

BOOKS

The Library contains, per catalogue, 28,143. The number of books added to the Library during the year was 156.

There were 120 books rebound and again placed in circulation.

Because of the paper shortage and the need for conservation of same, the names of the donors of all books to the Library is being omitted, but a record is maintained at the Library.

May the Trustees and Staff again express their appreciation and thanks for all donations and favors received, especially the Press—The Milford Daily News, Worcester Telegram and Worcester Evening Gazette—which at all times have been most co-operative.

NOTES

Miss Harriet Carter, who has for many years served as an Assistant, resigned, effective November 1, 1944, to accept a position as Manager of a book department in a large retail store.

The Trustees join with the Librarian and her assistants in wishing Miss Carter all success, and extending their thanks to her for her efficient and pleasant co-operation.

To succeed Miss Carter, the Trustees appointed Mrs. Alice C. Morgan, and the Librarian and Staff welcome Mrs. Morgan and trust she will enjoy her association with the Milford Town Library.

The Librarian at this time extends her thanks to her assistants, Mrs. Harriet Hunter and Miss Cecelia Wallace for their efficiency and co-operation.

Our Branch Library in the Stacy School continues to meet the demands of the students of the school. Miss Harriet Carter, who was in charge, has been succeeded by Miss Cecelia Wallace. Both Miss Carter and Miss Wallace have shown much interest in this work and have had great success. There were 3,902 books circulated during the school year.

National Book Week and Children's Book Week were observed in the Main Library and the Branch.

Posters, pamphlets and literature pertaining to War and Defense are exhibited and may be obtained at the Library. We are happy to serve the public in all War, Post War and Defense Information.

The Librarian and Staff feel that through the co-operation of the Selectman, Mr. Patrick Carroll, Chairman, Mr. John Henderson, Mr. Adam Diorio and the Trustees, that much improvement has been made in the general appearance of the Library. A new floor was laid in the Main Library and the Reading Room, Charge Desk and the tables refinished, a Children's Nook arranged and the Research Room entirely renovated. These renovations have been paid partly by the Town and partly by the General Expense fund allotted to the Library.

The Staff find their surroundings much more pleasant to work in and invite the general public to view, at all times, these improvements.

Report of the Superintendent of Schools

This is my fourth and the sixty-sixth in the series of annual reports submitted.

The War in Europe, which seemed so far away in 1939, has crept into our very homes and schools. It entered these when our boys and girls began to be called for active duty in the War areas. Now when the casualty lists appear, we find, with sinking hearts the names of these same young boys. Is it any wonder that the year 1944 will go down in history as one in which more things happened than in all the other years combined?

During this year the schools took active parts in many War activities. Much can be said in praise of the co-operation and sincere efforts of our teachers and children. The schools have shown that they truly are another line of defense. In the classroom, the teachers have taken advantage of every opportunity to instill a love of country and democracy in the hearts of the students. Already too many of our young boys who a few years ago were children in our minds, have shown themselves heroes and fighters on the battlefields.

Increased War demands bring a problem which requires careful consideration and sympathy. During the year we became aware that many youngsters were coming to school after poorly prepared meals and returning to homes which were empty due to the mother taking over a War job. This condition places a demand on the teachers which can not be ignored. These children must have special care and attention.

The Peace, after the War, will be successful only if we accept these problems as they come and turn our minds to the task of preparing now to accept a Peace of Victory.

UNIVERSAL MILITARY TRAINING

The Congress of our country is deliberating on military training for the Youth after the War. Many different plans have been proposed, but the one which receives more consideration than all the others is the one which proposes one full year of Military training.

It is my opinion that some kind of training is needed, but whether a whole year, at one time, is needed seems to be questionable. There are innumerable things involved. For example, a boy, after graduating from high school faces two alternatives. He may go to work or he may decide to continue his education. If he goes to work his plans for the future are very definitely determined. If he continues his education his plans for the future, for the vast majority, are very indefinite. He will change again and again before he is able to decide on any definite objective for the future. Some boys who plan to go to college are not fitted mentally for this adventure. College training is a long hard grind and unless there is an immediate continuation, that is, if a year of military training after High School is started, such a change might disrupt all of his plans for future education. I wonder if we could not substitute another plan for this taking out of one full year. Might we not find at the end of this year that the boys are imbued with the same mental attitude as the boys in Europe under the Dictators? We must not make our boys war minded. Could not some plan be developed which would bring about a knowledge which would advance the love of Peace to the point where, if defense of our country became necessary, it would follow naturally.

Could it not be presented with the following basic reasoning. In syllogistic form we might present it as follows:

The American People love Peace and wish to preserve it. But to preserve Peace they must be able to defend Peace. If these premises are true, and they seem to be, then the question resolves itself into what can be done to bring about this condition.

To **understand** the American way of life is **essential.** We must teach our children to understand what makes the American way the one way of life. We must start early and continue to the time when Peaceful living is so well established that no other would be accepted. The children should be taught and shown, by example, that there can be no digression from the right. Rights of others must be respected. A properly executed law must be carried out and no one has the right to enjoy its good unless he also assumes the obligations thereby attached. How could this be done? How is it done in the home? The community is a group of families and the progression continues until we reach the nation. In the family, to bring about this education, we start early and continue through childhood. It is a long and hard road which must be traversed in the development of the child. A good citizen is the product of a good family and no good citizen is found wanting when defense of his country is an issue. It is a privilege of which he is justly proud.

The plan that could be used, all along the lines of regular school routine would be as follows:—

Grades I through VI—Development of good citizenship. Respect of rights of others to be emphasized.

Grades VII through VIII—Continue the training for good citizenship with more concentration on details and with a definite emphasis on the History of our Nation. A study of our Great Men with detailed explanations of their greatness. Program of supervised play with emphasis on the facilities being provided.

Grades IX through XII — American History and Citizenship throughout the course. Program of social contacts and supervised play for all to continue. At this time a program of physical culture would be started.

After graduation from High School a periodic training along military lines. The boys would take part by communities regardless of occupation. The Armory, provided by the State would be used. During the summer another period of time could be used for detailed training, much the same as the maneuvers carried on by the National Guard.

That would be my plan and by this method, the mental attitude of the child could be controlled. We would not find our youth in the condition which now prevails in Germany and other axis countries, where Militarism is primary and all else secondary. The State would be in its proper place with respect to the citizen, which fact is not true in axis countries. Under this plan we could continue our normal way of life with knowledge and training in other things, should this experience be needed.

RETIREMENT OF MR. FRANK L. CAHILL

On November 2, 1944, after twenty-seven years of faithful service as janitor in the Stacy, Spruce and High Schools, Mr. Cahill retired. Since the opening of the High School in 1936, Mr. Cahill has been a janitor and we miss having him with us. The whole department wishes him many years of health and prosperity in his retirement.

LEAVE OF ABSENCE

Miss Mary F. Ranahan—An extended leave of absence was granted for this school year, because of illness.

ADDITIONS TO THE SERVICE

Miss Zaroohie Noorjanian—Appointed as of January 1, 1945, and assigned to the George E. Stacy School. Miss Noorjanian was assigned to Miss Bellofatto's classes.

RESIGNATIONS

Miss Lillian A. Bellofatto, a teacher in the George E. Stacy School, resigned at the close of the last school year ending June, 1944, to become Mrs. James Pasacane.

Miss Mary E. Davoren, a teacher in the High School, left at the close of the school year 1943-1944 to become Mrs. Arthur E. Vesperi.

Mr. Everett M. Winslow, shop instructor at the Boys' Machine Trade School, resigned October 1, 1944.

CARE OF BUILDINGS

During this year two more schools were painted—the Trade School and the Chapin. There was a great amount of work done on the Oliver Street School—new radiators were installed in the corridors—the boiler was overhauled—toilets were repaired—plaster and ceilings were done over—chairs in all the rooms were sanded and varnished. There is still another book closet which must be done. The Claflin School which needs painting and roof repairs on the outside could not be done this year, but there were toilet repairs and painting and plastering done on the inside. The boiler was repaired also.

The Spruce Street School had new shades and heater repairs. The heating system after being overhauled during the summer may go along for some time, but eventually we must put a new heating system in this school. The roof was repaired for leaks, and there were some toilet repairs too.

At the Stacy School we bought and installed a new gas heater in the Home Economics room. The thermostatic controls were also overhauled. We had leaks in the roof repaired.

At the Plains Primary we had a small roof leak repaired—some toilet repairs—new outside bell added—and some painting and plastering. The floors in the Trade School were sanded and toilets repaired along with plaster repairs.

The High School, our largest building, is constantly in need of repairs which, due to its size, mount to sizable figures during the year. We had new valves installed in the heating system to allow for a cut-off when certain parts of the building do not require heat. There was a major project in the southeastern section of the High School. Rooms A6—B6 and C6 and the adjoining corridors had the walls and ceilings refinished and painted. We installed a new blackboard in the Physics lecture room. During the year there were demands for repairs throughout the building. The High School Bell system and the fire alarm system were also repaired.

Where there are so many buildings with constant demands for repairs, I would be amiss if I did not commend the School Committee for the work they have done on the school property. All of the schools are now in good condition with the exception of those mentioned previously and plans are under way to attend to these.

BOOK PURCHASES

During this year many new books were adopted and purchased to replace old and out-of-date editions. I have listed most of the books which have been purchased. This is another item for which the School Committee receives just commendation. Books in the schools are now in the best condition ever.

New Books purchased:

High School—

Adventures in Literature, Enjoyment in Prose and Poetry, Twenty Modern Americans, Practical Precis Writing, College Placement English Workbook, Office Practice Equipment, Intensive Typing Course, Bookkeeping and Business Procedure.

Elementary Grades—

English in Action—Grades VII and VIII, Alice and Jerry Readers—Grade IV, Prose and Poetry—Grades VII and VIII, Improving Your Reading—for remedial work in the Stacy School.

This list does not include the purchase of books which were already being used.

I wish to express my sincere appreciation and gratitude to the members of the School Committee for their whole-hearted cooperation and consideration during the year.

Respectfully submitted,

FRANK C. BERRY.

MILFORD HIGH SCHOOL

The Class of 1944 was graduated June 14th at which time 1933 diplomas were awarded; and to eleven additional boys whose educational program was interrupted by the Armed Services, special war certificates were presented. Approximately twenty-five of the young ladies from this class are continuing their educations at institutions of higher learning, whereas some thirty or more of the forty-eight boys in the class are presently enrolled in some branch of the Armed Services.

The Fall session opened September 6, 1944 with a total enrollment of 567 pupils. This compares with an opening day membership of 606 for the previous year. To offset this decrease, no faculty appointments were made to fill the vacancies caused by the resignation of the former Miss Mary Davoren, and the military leave-of-absence granted to J. Francis Cahill.

The physical education program at the Milford High School continues to be restricted to interscholastic competition in the fields of baseball, football and basketball. For a much needed improvement in physical fitness, we receive an annual appeal to develop a physical training program properly organized to include all High School pupils. Our facilities are limited, however; and the length of our school day does not allow for the adoption of such training here at the present.

Mr. Stanley Benjamin of Framingham served as acting coach of the 1944 basketball team which enjoyed a successful season, with Joseph V. Carey, Jr. as team Captain. Ernest Roberti of this town was appointed as acting Coach to serve during the baseball and football seasons. Victories over our local rival, St. Mary's, highlighted the diamond season. A lack of experienced material in football proved to be too big a handicap for Captain Joseph Graziano and his team mates; and we tasted not the fruits of victory during the gridiron season.

The school cafeteria, under the management of attendance officer Arthur Vesperi, is now in its second year of operation. This lunch service, authorized by our local School Committee, is limited to nickel sales of milk and other foods. It relieves a traffic congestion which previously threatened to endanger the mental and physical welfare of our student body; and the success of the new program has exceeded our fondest hopes.

We have been officially notified by the State Department of Education that Commissioner Warren has appointed a committee of educators to evaluate the Massachusetts secondary schools. So that each school system may first make its own self-appraisal, evaluating points are presented:

"Elements common to every sound program of secondary education should be derived from an analysis of such items as":

a. Effectiveness of instruction

b. Provision for health and physical education

c. Guidance
   1. Evaluation of achievement
   2. Testing
   3. Success of graduates
   4. Follow-up program

d. Adequacy of equipment

e. Provision for democratic organization of the curriculum and of the program of supervision and administration

f. Opportunity for democratic living in school

g. Extra curricular activities

h. General school environment

After submitting to our own self-appraisal on the above points of evaluation, it is a source of gratification to realize that we have been alert to modern educational developments. During the course of the past year our Superintendent and the members of our honorable School Committee have granted approval for:

1. The establishment of a guidance director, with Mr. Harold M. Moran being designated to fulfill the duties.

2. The introduction of a testing program to measure the effectiveness of instruction.

3. Presentation of a character education program to improve citizenship for a democratic style of life.

4. The establishment of departmental organization, with Dr. Marion A. Ryan being designated to serve as head of the English department.

Obviously these policies are all progressive steps, which fit in at an opportune time with the recommended outline above.

The task of teaching and administering this year, like that in almost every other field of endeavor, has been over a path of unprecedented hardships and obstacles. To those who by their sincerity of purpose have rendered their co-operation in our common cause, I express my gratitude.

Respectfully submitted,

JAMES A. HIGGISTON,

Acting Principal.

THE OAK, LILY, AND IVY

We are proud to report that last year's edition of our "Oak, Lily, and Ivy", published by the Class of 1944, with Joseph V. Carey, Jr., as Editor-in-chief, received two outstanding awards for excellence in content and appearance. The book was entered in two competitive contests with year-books submitted from high schools throughout the country.

In the National Scholastic Press Association Contest, it was awarded the coveted "First Class Honors". In the Columbia Scholastic Press Association Contest it received a "Medalist" rating, the highest possible award given to high school year-books.

Faculty advisors for last year's "Oak, Lily, and Ivy" were Principal James A. Higgiston and Mr. Harold M. Moran, principal advisors, Miss Margaret M. Pyne, Miss Dorothy Callahan, Miss Marie Cenedella, Miss Madeleine W. Kynoch, and Miss Evelyn E. Pinardi. Copy for the printer was prepared by the classes in typewriting taught by the Misses Agnes R. Lynch and Catherine E. Curtin. Art work was supervised by Miss Dorcas Whipple.

DEPARTMENT OF GUIDANCE AND COUNSELLING

A definitely forward step in the educational program of the Milford Public Schools was taken last July when Mr. Higgiston recommended, Mr. Berry approved, and the school committee voted that a Director of Guidance be appointed. I am grateful for the honor of being elected as the first Director. I am likewise grateful for the splendid co-operation I have received from my co-workers.

There is a general recognition among educators today that guidance as a service to all school pupils is a basic function of education and that it should be included as an integral part of every progressive school system. There is likewise the recognition that on a school staff there should be someone, in addition to the principal, whose duty it will be to guide and counsel pupils along different avenues. A high-school principal and guidance counselor are, to a degree, complements of each other—both working together with the faculty for the best interests of the child.

Although an experimental program in guidance has been in effect in the Milford High School for the past three years, 1944 marks the first year of an actual working plan. We are concerned with two general areas: first with the abilities and interests of the individual, secondly with another area aside from the individual, such as occupational information, training opportunities, community relationship, and social activities. We are for the present, however, focusing our attention on the first area, and shall content ourselves in paving the way for future progress. If a major program were to be adopted, the services of a full-time director, and one or more part-time assistants would be required. Although ours is a minimum program, it meets all the minimum essentials, in that it:

"1. provides for an inventory record of each individual pupil's occupational potentialities and scholastic achievements,

"2. gathers and disseminates information concerning occupations,

"3. gathers and disseminates information concerning education and training,

"4. gives occupational, social, vocational, and academic counsel as an aid in the solution of individual problems in these areas,

"5. helps to assist young people in obtaining part-time, summer, and permanent positions,

"6. provides for systematic 'follow-up' of cases referred to the office of Guidance and Counseling or voluntarily brought to it by the pupil himself."

We shall follow the six steps above named, to enumerate our accomplishments this year:

1. At the suggestion of Mr. Warren E. Benson, State Director of Guidance, who visited us early in the school year and expressed approval of our program to date, we have conducted a Pupil-War-Time Inventory, and an Occupational Inventory, of all pupils in our school. Also as part of the first step, Mr. Higgiston and I are arranging at this

writing to have the Department of School and College Relations of Boston University conduct a voluntary testing program in our Junior and Senior classes, so that we may be helped in our counseling and interviewing by having on hand valuable objective data secured from these tests.

2. Thanks to the School Committee for approving our request for a budget, we are building our own open-shelf library of occupational information in the form of pamphlets, monographs, and books for the pupils' reading.

3. We are receiving almost daily catalogs and other informative publications from colleges, schools, or other institutions where a pupil may plan to enter after graduation, or about which he wishes to learn more. These, too, are on our open shelves for the pupils' perusal and are constantly used in our interviews of educational guidance.

4. By way of assembly programs, moving pictures, classroom procedures and individual conferences we attempt to counsel the pupils in an occupational, social, vocational, or academic way.

5. Many requests from outside for part-time employees and from the inside for part-time positions have been filled by this office. We do not recommend for employment, nor do we approve that there be hired, any pupil who is not doing at least a passing grade of work in his school subjects. We have found through the successful co-operation of three local chain stores, with which we affiliated ourselves during the Christmas vacation period, that our plan of recommending pupils resulted in a higher type of salesperson and gave an incentive to our pupils to do better school work. We have received letters from all three managers, each stating that the plan "proved to be highly successful and beneficial". We are now planning to build an occupational preferment list, so that when requests come to this office, we shall be able to recommend only a scholastically alert candidate—all other things being equal.

6. Whenever a pupil is referred to us, or when we find through our conferences that a pupil is deficient in his school work, we start him on an improvement program after we have discovered the "why". We then start a systematic follow-up program of each case. It is our intention later on, to "follow-up" our recent graduates to see in what ways we can be of further assistance to them.

We have attempted to show that a definite task lies ahead of us as we launch into our Guidance program. We realize that the going may be a bit rough at times as we cautiously feel our way, but it is our aim "to assist individuals to make good adjustments, wise decisions and intelligent plans with respect to educational, occupational, social, and personal problems and situations by means of services including studying the individual, imparting essential information, counseling, placement and follow-up —rendered through the co-operative activities of counselors, teachers, and administrators, parents, employers, club leaders, and church workers." Whether we speak of guidance from a social, emotional or vocational point of view, we are merely referring to different phases of a single problem.

Respectfully submitted,

HAROLD M. MORAN,
Director of Guidance.

THE GEORGE E. STACY SCHOOL

Report of the Principal

The program at the George E. Stacy School continues as in past years, to prepare the students coming from the elementary schools for entrance to high school. The departmental arrangement of classes serves the purpose of adjustment for the students and gives them the opportunity to broaden their associations and experience different teaching procedures.

The War Savings, Bond and Stamp Sales have continued under the supervision of the teachers as in the past with creditable purchases by the students. The Red Cross and United War Fund Drives likewise received the enthusiastic support of the students.

Two major text book adoptions were approved and purchased by the School Committee for use in the seventh and eighth grade classes. These books, "Junior English in Action," by Tressler and Shelmadine; and the "Prose and Poetry" Reading series, by Tower, Russell and West represent the best available in these school subjects and are a distinct asset to the school equipment.

The Household Arts and Domestic Science Work for the girls of the school has been assigned to Miss Fleming, replacing the former arrangement of student practice teachers from the Framingham State Teachers' College. The new schedule permits a more unified and continuous program.

Remedial classes in Reading, Mathematics, English and Spelling have been inaugurated during the year for the seventh grade students and I am gratified at the results achieved by the seventh grade teachers in this work.

The Student Association organized in September and the following officers were elected: President, Eveline Celozzi; Vice President, Angela Perrone; Secretary, Helen Breault, and Treasurer, Robert Nargi.

I have enjoyed the cooperation of the teachers, Mr. Berry, Superintendent of Schools, Members of the School Committee and extend my thanks to them for their help.

Respectfully submitted,

PAUL F. RAFTERY,
Principal.

REPORT OF THE SUPERVISOR OF MUSIC

Happiness, together with co-operation, has been the keynote of our various music classes during the past year. The theme has been chosen as appropriate to a year of struggle, as well as to a year of hoped-for victory. We have found that joyous music has been a healing medicine to the children's minds and spirits.

More than ever we have tried to arrange our year's work with the familiar and melodious pieces of classic music which have especial power to relax and refresh the average child.

Recognition of musical effects through the sense of hearing and reproduction of the same, continues in every class. Melodic and rhythmic drill, attention to voice quality, pronunciation and articulation and faithful interpretation of the sentiment expressed by the composer make the aesthetic and educational value of the music hour worthy of its place in the school program.

Voices are grouped according to quality and range. They are then assigned to their proper parts. Frequent exchange of parts is advisable, however, as long as the voices are adapted to such exchange. Our aim is to induce the proper voice quality without effort or strain.

Beside voice culture, individual progress is tested by each pupil in the upper grades, writing the scale, octave and arpeggio in the various keys. At the end of his junior year he will be able to read notes by syllable, number or letter as each year the problems that he meets are a step in advance of previous years.

In addition to the teaching of the voice, Theory and Harmony is taught in the high school. This year, as in the past, plans are being formulated for the students to attend a performance of one of the operas to be given later in the year in Boston.

May I at this time thank all the teachers and principals, our Superintendent, Mr. Berry, and the members of the School Committee for the sincere co-operation which they have shown to me during the past year.

Respectfully yours,

HELENA F. SWIFT,

Supervisor of Music.

REPORT OF ART DEPARTMENT

Dorcas Whipple, Supervisor

General courses of the Stacy and High school with the exception of some special activities have been carried out according to the schedules outlined in some of our previous reports.

As usual during Art Week which is observed nationally the first week of November, an exhibit was arranged and displayed before the Quinshipang Woman's Club. Through its chairman, Mrs. Cecil Ashley, the art group of this club is providing transportation to the Worcester Art Museum so that a talented student in the eighth grade may attend the Saturday morning art classes held there. The award for this year was given to Barbara Richardson, Room 13 of the Stacy School.

Interested parents and townspeople have had an opportunity to see examples of the fine creative work done in the seventh, eighth and High School classes through exhibits hung in the Milford Town Library during the past year. We are grateful to Miss Comba, the librarian, in allowing us the space for our displays. The cardboard mounts have been made possible through the generosity of Mr. Mabey, Manager of the State Theatre.

To my teachers and to Mr. Berry I wish to extend my appreciation for their enthusiasm and help in carrying out our program during these trying times.

INSTRUMENTAL MUSIC

Ben C. Lancini, Instructor and Director,

Milford High School Band and Orchestra

The instrumental department in the Stacy School has attained its largest enrollment since this department was instituted. The seventh grade boasts of over twenty-five members actively playing.

The High School Band, through the courtesy of the V.F.W., who made the trip to Framingham possible, took part in the annual Football classic on Armistice Day and played at our home games. They also participated in local patriotic parades, Memorial Day and Elks' Flag Day.

The band also played Christmas carols to help cheer families on Christmas Eve.

Rehearsals are progressing rapidly for the thirteenth annual concert to be given May 25, 1945.

CONTINUATION SCHOOL REPORT

The Continuation School day has been changed from Thursday to Wednesday and the academic classes as well as household arts classes are now held in room fifteen of the Stacy School. This change is for the better as it eliminates much moving about of pupils and supplies.

The general improvement program is carried on plus a course in Home Hygiene and Care of the Sick in the Home. In this course the girls take up: Care of the bed-patient, how to take temperature, the use of home devices and appliances, suggestions for a home medicine chest and other useful, home-nursing ideas.

We hope these lessons might induce some to continue further study of this important humanitarian work.

Respectfully submitted,

BEATRICE J. FLEMING.

REPORT OF THE SUPERVISOR OF ATTENDANCE

To the Honorable School Committee,

The critical year of 1944 effected many changes in the life of the school children of Milford. The all-important one has been due to the fact that both parents were working in defense plants imposing an additional responsibility on the children. Most cases brought about unfavorable results. This lessening of home control amounts to contributory delinquency, making it extremely difficult for the school to cope with this war-time condition.

Your Supervisor of Attendance made over six hundred calls in the course of duty. Eighty-seven cases of truancy were discovered and reported to the parents. The school exerted every possible effort to correct this unwarranted practice. Truancy checked in its early stages will prevent 80% of delinquency, which has a costly effect on our future citizens.

Overtired students are responsible for 15% of the poor attendance in the Junior and Senior High School. To help solve this dangerous practice to the growing child, I firmly recommend that unless a student continues to obtain a passing grade, he shall not be allowed to work before school and only for two hours after school instead of the present four hours a day. There were 891 employment certificates issued in conformity with the Child Labor Laws.

The ever stressing need for additional recreational facilities should be community's chief concern in combating juvenile delinquency.

I wish to thank all Town Departments, the District Court, the various Boys' Clubs, especially the several

churches as well as all individuals and organizations for their co-operative support in meeting this problem.

Respectfully,

ARTHUR E. VESPERI,
Supervisor of Attendance.

REPORT OF THE ELEMENTARY ART SUPERVISOR

The objective of our art course in the elementary grades is threefold: first, to develop confidence; second, to stimulate the imagination; and third, to furnish an outlet for the creative impulse that is innate in almost every child. In the first grades we introduce the art principles of unity, balance, and color harmony. By the time the child has reached the third grade, one can notice a decided improvement in choice of color, proportion, and composition.

The art work of the children is exhibited in their rooms and they derive great pleasure from their designs, illustrations, and posters. A school room without the colorful drawings would seem decidedly drab.

The children in the Special Class show pleasure and enthusiasm in their efforts. The results are often an agreeable surprise.

I thank the teachers for their helpful cooperation during the year.

Respectfully submitted,

MARGARET V. CONDON.

REPORT OF THE SCHOOL PHYSICIANS

To the School Committee of Milford:

We submit the following results of the annual inspection of the schools of the town:

Primary Department

Whole number of pupils	680
Number having no notable defects	305—45%
Number having slight defects	150
Number having serious defects	169
Number having mouth and teeth defects	247
Number having nose and throat defects	173
Number having miscellaneous defects	131

Grammar Department

Whole number of pupils	563
Number having no notable defects	222—39%
Number having slight defects	119
Number having serious defects	188
Number having mouth and teeth defects	248
Number having nose and throat defects	104
Number having miscellaneous defects	130

High School Department

Whole number of pupils	575
Number having no notable defects	330—57%
Number having slight defects	78
Number having serious defects	154
Number having mouth and teeth defects	182
Number having nose and throat defects	65
Number having miscellaneous defects	100

Whole School

Whole number of pupils	1818
Number having no notable defects	853—47%
Number having slight defects	353
Number having serious defects	511
Number having mouth and teeth defects	677
Number having nose and throat defects	352
Number having miscellaneous defects	361

The tables show the number of the common defects found during our annual physical examination, among our public school pupils.

Probably due to the shortage of essential food or wide spread diet deficiencies, this year, again, we have a 1% increase from last year in the number of physically handicapped pupils. Although these defects are minor ones and can be remedied early, nevertheless they show a constant increase.

If 53% of our public school pupils labor under physical handicaps, it is normal to suggest that some remedy should be found very soon to ameliorate their general health.

Perhaps the school should improvise new and faster methods in letting parents know the defects found in their children. Perhaps the parents should be more on the alert in regard to the state of health of their children.

We believe prompt co-operation between school and home will be a good start toward improving the general health of our pupils.

The Milford Teachers' Association has this year conducted its meetings in a somewhat different plan from former years. In conjunction with the regular monthly business meeting we have also held socials, at which time we had speakers talk to us on interesting educational subjects.

Two of our guest speakers were local personages, namely: Mr. Madison Goff, and Mr. Leonard Lawrence.

Mr. Philip G. Cashman, Supervisor of Special Schools and Classes in Massachusetts, spoke on "The Obligation of Society toward the Handicapped Child."

Donations were given to the Red Cross, U.S.O., and a bond purchased from the Tuberculosis Association.

All retired teachers were recognized with a suitable remembrance at Christmas.

Tune: "Fair Harvard"

To thee, Alma Mater, we sing our adieu
As we leave thy fair portals today;
For life beckons onward new paths to pursue,
And with you we no longer can stay.
'Mid the world's stress and strife, as we go on our way,
To thy teachings we'll always be true;
And for God and for country we'll work and we'll pray
For a world in which peace reigns anew.
Oh, classmates and teachers, we bid thee farewell,
And our hearts fill with sorrow and tears,
As the scenes of our school days that we've loved so well
Are but mem'ries in life's book of years.
In this world that's war torn, full of battle and strife,
To our country we'll strive to be true
Her ideals we'll uphold with courage through life
And pledge our allegiance anew.
